Budget Committee Report

The budget committee is in general agreement with the proposed budget and Warrant Articles. The 8.9% increase reflects an earnest attempt to keep the budget increase within a reasonable level given the current economic times. The budget as a whole reflects a 4% cost of living raise for all town employees. All departments have allowed for the increases in heating oil. The following are the main elements of the current budget:

The increase in Interest (TANS) and Solid Waste Disposal together is 66% of the total increase in the overall budget as compared to last year. Both are set by outside contracts, but if we had mandatory recycling and twice a year tax billing the savings to these two line items would be substantial.

The Police department was required by Mutual Aid to have a full time dispatcher and this coupled with new community outreach programs are the major increases in the police budget. The Police department has been a major concern in our review of the budget and it is hoped that this level of funding will meet the needs of the town beyond the normal patrolling of state highways. Our discussion included why does the town need to purchase a new cruiser every year ?

Capital Reserve, Fire and Safety - These areas had been greatly under budgeted in the past years. Fire equipment reserve had been totally wiped out with last year's purchase. Moving the police into a new public safety building, will relieve the pressure on the town's need for office space. Serious funding in both of these areas will greatly reduce future expenditures.

In the area of the highway department, it should be noted that the town has fallen even farther behind in road repair and resurfacing with only 3.5 miles of work budgeted this year. It is highly recommended that the town do at least 10% of the roads each year. This is less than the national average of seven years. Failure to maintain the roads will result in far more costly repairs in the future. It is our recommendation that the Town develops a "Master Plan" for road repair and maintenance that includes all of the Town of Rindge's roads.

REPORT OF THE AUDITORS

Mason & Rich Professional Association
Two Capital Plaza, Suite 3-1
Concord, New Hampshire 03301

February 12, 1990

Board of Selectmen
Town of Rindge
Rindge, New Hampshire 03461

We have audited the accompanying general purpose financial statements of the Town of Rindge, New Hampshire as of and for the year ended December 31, 1989, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted audited standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion the combined financial statements referred to above present fairly, in all material respect, the financial position of the Town of Rindge, New Hampshire as at December 31, 1989 and the results of its operations and cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our examination was made for the purpose of forming an opinion on the combined financial statements taken as a whole. The accompanying combining and individual fund financial statements listed as supporting schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Town of Rindge, New Hampshire. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is fairly stated in all material respects in relation to the combined financial statements taken as a whole.

Respectfully submitted,
Jon R. Lang
Certified Public Accountant

(1) PROPERTY TAX BILLS

Property tax bills in 1989 were sent out in December of 1989. The lateness of these bills caused problems with cash flow and cost the Town additional interest on tax anticipation notes.

Recommendation - Since property tax billings are by far the greatest source of revenue in the Town, bills should go out at least by November. The Town needs to seriously consider the benefits of semiannual billings.

Management's Comments - The addition of an Administrative Assistant to our staff on August 6,1990, will allow us to produce property tax bills at a much earlier date than in the recent past. We will meet with the Department of Revenue for the purpose of setting our tax rate on October 3rd and we expect to mail our tax bills on October 18th.

(2) COMPUTER SYSTEM - REPORTS

The expenditure and revenue reports produced by the Town's computer system are not providing information in an adequate or useful format for the Town's needs. In addition, the balance sheet capacity is not being used.

Recommendation - The computer system should be reevaluated and computer support from the vendor should be used to streamline reports to sort expenditure and revenues into a more usable format and set up balance sheet accounts. This would provide a complete and meaningful financial picture at any time during the year.

Management's Comments - The newest member of our Board is a C.P.A. and has a strong computer background. We feel we now have the expertise necessary to develop more meaningful reports and we are currently working towards that goal.

(3) UNBUDGETED WITHDRAWAL FROM CAPITAL RESERVE

In 1990, $119,678 was withdrawn and expended from the Revaluation Capital Reserve Fund established in 1984. The withdrawal and expenditures were never budgeted.

Recommendation - According to the Department of Revenue Administration and our own interpretation of RSA 35.15, the Town must approve at Town Meeting to appropriate and withdraw from Capital Reserves the amounts needed for Capital Reserve expenditures. Alternative measures have been considered by the D.R.A. in the past, but at this time the above procedure is still recommended.

Management's Comments - When the Capital Reserve Fund was established in 1984, it should have been set up with the Board of Selectmen or others as the appointed agents for withdrawals. Had this been done, an article to authorize withdrawal would not have been necessary. Because the D.R.A. was hired to perform the revaluation and they delayed the process for a period of over two years (due to growth in other towns they were also committed to) it was impossible to adequately plan when the money would be needed. When the Town undergoes a process like this where money is spent on an ongoing process over a period of time and in more than one fiscal year, it should be set up with agents. Obviously we could not delay revaluation for this authorization and instead elected to proceed with the process.

(4) TRUST FUNDS

The Trust Fund books were "held open" to reflect transactions occurring as late as January 24, 1990. This is done for items such as dividends and transfers between accounts. Consequently, it was difficult to confirm year end cash and investment balances.

Recommendation - Although these transactions have to do with 1989, they should not be shown in the cash balances, but as accounts receivable and payable.

Management's Comments - We will again refer to the addition of a C.P.A. to our Board and with his guidance we will strive to establish procedures which can be followed this year and in future years which will recognize the attributes of the accrual method of accounting.

REPORT OF THE SELECTMEN

1990

The year 1990 started off rather poorly for the Town of Rindge. With the revaluation barely completed in time for 1989 tax billing, the new year began with debt from Tax Anticipation Notes (TANS) carried over from 1989. The late tax billing (Dec.) resulted in tax payments not being received until 1990. Therefore, this year's interest expense includes approximately $30,000 of interest accrued on debt initiated in 1989. We are pleased to report that all prior (1989) and current (1990) TANS were paid before the close of this year.

Revaluation kept us busy processing over 600 abatement requests in the early months of the year. We appreciate your patience in a time when we were extremely short-handed due to a four month vacancy in the Administrative Assistant position. We would like to thank our former Administrative Assistant, Carole Knight, for her service to the town, as well as Amy Raymond, Selectmen's Secretary, who pitched in to run the office when we were so busy. Much appreciation also to Doris Thompson and Peter Anderson for assisting in any and every way possible.

Revaluation resulted in two legal suits involving the Town of Rindge as defendant. The largest was filed by a group of Lake Monomonac property owners. Data collection is still ongoing and it is uncertain at this time when the issue will actually be heard in Superior Court. We have attempted, through a budgeted line item and a warrant article to address the cost involved in the defense of this suit (carry over the balance of Reval money and any remaining legal expense money from the budget). The Town has engaged Attorney Arnold Falk of Keene to represent us in both matters.

The 1990 Warrant Article 9 authorized the Selectmen to follow the recommendation of the Town Manager Study Committee by rewriting the Administrative Assistant's position to a managerial one as well as develop a position for Code Enforcement Officer. If you have not already met Jeanne Cunningham, our new A.A., we must report that she is a great asset to not only our Board, but to our Taxpayers. When Jeanne came on board in August, she had alot of catching up to do. Her efficiency can best be illustrated by the fact that our Tax Warrant was committed to the Tax Collector earlier than in many years. This saves all Taxpayers money in the reduction of interest on TANS. Whereas 1990 may have started off poorly for many reasons, it ended in good shape thanks to countless long hours and hard work by Jeanne. Our deepest thanks to her for making our jobs once again manageable.

A low point in the year came during Halloween, when the center of Town became the focus of an unruly group. Concerned citizens have expressed a need for more Police visibility and protection. Late in December, after many years of darkness, the Town tree was once again lit with color, only to be vandalized in a matter of days! We were unprepared for the events of this Halloween, and after discussion with Chief Collum and members of the Department, two officers were trained in the use of Capstun for crowd control. We hope to only have to use this as a last resort, and the Police Department is working on community programs to address the issue of vandalism through education. We also feel that not only is it time for the Town to have a more visible Police Station with an area to detain individuals, that time is coinciding with the availability of the Post Office on Main Street. The 1991 Warrant, based on recommendations presented by the Municipal Building Study Committee, addressed the acquisition of the Post Office through both purchase and lease. We fully support the purchase option based on the fact that Barbara Rice, whom we all know as a very public spirited citizen, has agreed to sell us the property for the appraised value of $130,000, which is considerably less than the assessed value of $162,500. She has also offered financing over ten years at 8%, with a level annual payment of $17,400 after the initial downpayment of $13,000. Since we are currently budgeting at least $15,000 annually for the Public Safety Building Capital Reserve Fund, the increase annually to be raised through taxes will be $2,400. We feel this is an excellent opportunity for the Town and we have attempted to structure the purchase in a way that impacts the taxpayers very little. Renovations to convert to a Police Station, which will include a lock-up, can then also be funded through the remainder of Capital Reserve, provided we own the property. Please give this article your most serious consideration.

A highlight of the year was when Rindge resident Kim Sands was recognized as the 1990 New Hampshire Teacher of the Year. Kim is the Teacher-Librarian at both Rindge Memorial School and Jaffrey Rindge Middle School. Thank you Kim for putting Rindge in the news in such a positive manner.

We would like to thank our town employees and all those who volunteer in many ways from Fire Department to the various board positions. A special thank you to David Tower who has provided leadership on the Planning Board for the last ten years and is now stepping down. Rindge is a great town largely due to the efforts of these folks. Please remember that everyone can and should try to participate in some form to keep our town government in the hands of the people. If you have some time you can contribute to the Town, please let us know, as there are always projects for concerned citizens and we can use your help.

RINDGE PLANNING BOARD

1990

Real estate development activity in Rindge continued to keep the Planning Board busy during the past year. In 1990, the Rindge Planning Board held forty-four (44) meetings, including twenty-two (22) formal public hearings, ten (10) work meetings, eight (8) site inspections, two (2) Zoning Amendment hearings and two (2) Master Plan hearings. During these meetings the Board reviewed fifteen (15) minor subdivisions of which eleven (11) were approved, two (2) were withdrawn, and two (2) remain pending before the Board as of this writing. Five (5) major subdivisions (more than three (3) lots) were considered of which four (4) were approved and one (1) remains pending. These subdivisions created a combined total of twenty-nine (29) new building lots and two (2) new roads.

Also approved were four (4) technical subdivisions (which do not create new building lots), ten (10) site plan review applications in which commercial or industrial development was either created or expanded, and two (2) excavation permit applications. Several preliminary consultations were conducted by people wishing to meet informally with the Board.

In December, Board members met informally with representatives of Chamber Development Company, a Pittsburgh, Pennsylvania based, Solid Waste Management Company, regarding the companies conceptual plan to construct a commercial landfill in town. After two public hearings held in January 1991, the Board recommended against the passage of two zoning amendments submitted by petition, designed to enable siting the landfill in town. A variety of concerns about the proposal were raised by Board members and others attending the hearings, and the Board felt that it had too little time and information to adequately evaluate the proposal in light of those concerns.

The Board continued to oversee the development plans, including architecture and landscaping, for the Cheshire Marketplace project on Route 202 near the junction of Route 119. The projected completion date for the shopping center and opening of the supermarket is April of 1991. Other development along Route 202 has been on the increase with a five-lot commercial subdivision and a large commercial building being completed. On all business/commercial development on Route 202, the Board has attempted to maintain a buffer zone screening development from the highway as much as possible.

The Master Plan has been adopted along with the Water Resource Management and Protection Plan. These documents will be used as a planning tool for the Board and will be referenced frequently to insure compliance with long range goals for the development of the town. To begin implementing the recommendations presented in the Water Resource Plan, the Planning Board has developed an Aquifer Protection District Ordinance which is being submitted at the 1991 Annual Town Meeting for adoption.

The Southwest Regional Planning Commission with its Planning Board Assistance Program assisted the Board in reviewing all development applications and in developing the Master Plan and Water Resource Plan. As always, the service of the Commission was greatly needed and appreciated. The Planning Board will miss the assistance of the former Director of the Planning Commission, Robert Panton, who left the Commission in December. Mr. Panton had worked closely with the Board in the development of the Master Plan and he contributed significantly to guiding development in Rindge for over five years. Mr. Panton's help and expertise will be missed.

In March, Marion Winters and David Wilson were elected to serve on the Board for three years. Secretary Kim Sands, and Vice Chairman Douglas Gilroy, both longtime members of the Planning Board, ended their respective terms on the Board by deciding not to seek reelection. Their contributions to the Planning Board are greatly missed, but their work and dedication over the years are truly appreciated. Geraldine Ducharme has continued on with the Board as an alternate along with Robb Anderson who was appointed in July. Paul Susca now assumes the title of Vice Chairman and Sharon Doherty has assumed Ms. Sand's title and responsibility as Secretary. Tom Coneys resigned from the Board in January, 1991.

Nineteen Ninety-One marks the 30th anniversary of the adoption of zoning in Rindge. On March 14, 1961, by a vote of 80 to 33, the townspeople adopted the first zoning ordinance in Rindge, which divided the entire town into two (2) zoning districts: The recreational district which was the area surrounding the lakes and ponds; and all of the rest of the town, which was designated as the residential-agricultural district. Businesses were permitted anywhere in this district by special exception approval from the Board of Adjustment.

Over the years, the town has continued to refine its zoning regulations by designating specific districts for business and commercial activity as well as adopting regulations for its village districts and college district. In addition, the town has added to its ability to regulate land use by adopting subdivision regulations, site plan review regulations , and a planned unit residential development regulation.

This year, in an effort to protect and preserve the groundwater supply for the town, the Planning Board is proposing an aquifer protection district ordinance. It is the hope of the Planning Board that all of the Town's land use regulations will provide the tools for town officials to effectively plan and guide the growth and development of the town in the years to come.

REPORT OF THE ROAD AGENT
For the Year Ending December 31, 1990

The 1990 Highway Department's major road projects were as follows:

1.) Woodbound Road from the Jaffrey Town Line to Dragg Hill. Pavement recycling and placing base course of pavement. Total of 3,355 feet.

2.) Lord Brook Road from Main Street to Middle Winchendon Road. Pavement recycling and placing base course of pavement. Total of 5,126 feet.

3.) Hampshire Road from East Main Street to the dirt section. Pavement recycling from East Main Street to the Millers River for a distance of 3,000 feet. Placing a base course and overlaid the balance with hot top. Total of 5,126 feet.

4.) Beaver Dam Road from Hampshire Road to Route 119. Overlaid with 1-1/2 hot top. Total of 1,700 feet.

5.) Farrar Road. Overlaid with 1-1/2 hot top. Total of 500 feet.

6.) Wellington Road from Route 119 to Main Street. Shimmed with 900 tons of hot top and sand sealed entire length. Total of 9,300 feet.

Due to some center line cracking on our 1989 road projects, our paving contractor sealed, then placed a finish course on 12,700 feet of Middle Winchendon Road and Woodbound Road at no charge to the Town.

In conjunction with the above projects, all roads had brush cutting, culverts replaced, ditches cleaned and gravel added where needed.

Road projects for 1990 totalled 4.78 miles, approximately 1.25 miles more than 1989. As mentioned in the past, the Highway Department should be repairing/replacing 10% of road surface, or 6 miles per year. We are pleased to be nearing that goal.

In late March, 1990, we started a voluntary recycling program at our transfer station. At year end the Town saw revenues as follows:

28,282 Deposit Containers @ .05 cents
141,680 Aluminum Cans (6,160 lbs.)
81 Tons, Glass (approx.)
64.8 Tons, Newsprint (approx.)
TOTAL $4,076.00

The cubic yardage that we have not been landfilling, due to recycling, has saved approximately $100.00 per load, for approximately two loads per month or eighteen loads so far, for a savings of $1,800.00.

Dump stickers and dumping fees collected during the year have also brought in approximately $1000.00 in revenue.

The Town's savings, after expenses, as a result of the voluntary recycling program which has been in effect for only ten months, has been approximately $6875.00.

With steadily increasing costs, and more strictly mandated governmental regulations relative to landfills in the foreseeable future, the Town must look into and implement a mandatory recycling program. If such a program were put into operation, the Town could see a potential gross savings of $50,000.00 to $100,000.00 per year. The cost of providing such a program is being studied and a workable plan will be presented to the voters at a later date.

INGALLS MEMORIAL LIBRARY
Report of the Trustees 1990

Your library has seen a year of good solid growth of new patrons. We have endeavored to match this with new additions of books and VCR tapes. Our meetingroom has had a usage growth in over 100% averaging more than once a day. We now offer services of a VCR camera, Polaroid camera, a 16 MM and filmstrip projector, a large television screen for programs and video and a microfilm reader. Our children's audio equipment has been updated and we added books on tape for the hearing impaired and long commuters. Our maintenance included exterior painting and a new parking lot sign which unfortunately, was stolen on Halloween. All together we consider our library well equipped to serve the community.

Librarian's Report 1990

Circulation is up and I'd like to say a special thank you to those who have donated books, videos, magazines, newspapers, money or volunteered their time to us. These things help make our library a successful informational source for our community.

As you probably know, we cannot possibly own all materials published. What helps each libraries collection seem larger is with the help of the State Library, we can obtain books from other libraries through inter-library loans. It does take longer than having it on our shelves, but in most cases, we do get the item requested.

Three local artists exhibited their work last year and hopefully we will have more interesting works to display this year. Additions to our collection this year include some books on tape and a change this year is that our children's books with cassette tapes now circulate.

We like to hear from our patrons about books or subjects that you're most interested in, or any suggestions for programs. We are here to serve your needs and it helps us when you share your ideas so we can make plans for the future.

THE RINDGE CONSERVATION COMMISSION

During 1990 members of the Rindge Conservation Commission (CC) reviewed 10 Dredge & Fill applications, investigated violations of wetlands regulations and visited 18 sites due to citizen complaints or at the request of town boards and submitted reports on their findings to local and state officials.

Fines and costs of $6,347 were assessed on or paid by people who violated wetlands regulations and conservation easements in Rindge. The Rindge Conservation Fund received $1,000 of these funds.

CC members attended meetings on the Contoocook Greenway, the N.H. Rivers Campaign and Community Natural Resources, hearings at the N.H. Wetlands Board and the annual State CC Meeting, CC member, Dave Rowell led a bird walk for Earth Day.

The CC sponsored, and the Monadnock Bank and Ed & Marge Stevens provided scholarships for Debbie Pratt, who attended a seminar on "Managing N.H. Lands", and Tiffany Dean and Christie Dean who attended Youth Conservation Camp.

"The mission of the Rindge Police Department is to enhance the quality of life in our community by working cooperatively with the public and within the framework of the State and Federal Constitutions to enforce the laws, preserve the peace, reduce fear and provide for a safe environment for all of our citizens".

A simple one sentence statement describing our general purpose for being. But what does it take to attain these goals? Men and equipment? Vehicles and facilities? Training and dedication? Information and cooperation? Yes, all this and much more. For more than a decade we have been playing catch-up to the needs of the community and the demands for service with the resources available. While we will never be able to provide all things to all people we have succeeded in many areas. But, somewhere along the line there seems to have developed, in the minds of a few, a "us against them" or "we vs they" mentality that has created a stumbling block towards positive police/community relations. Recognizing this condition has presented new challenges to the Department which we intend to meet.

We have embarked upon a program of positive police/community inter-action with the introduction of pro-active community involvement programs ranging from an ice fishing

derby to a safety slogan contest. From K-9 demonstrations to CPR training courses. From sponsoring youth dances to coaching Little League. And numerous other "reach-out programs still in the planning stages, all involving department personnel who have volunteered their time and efforts. We intend to do as much as possible to promote positive police/community relations and we ask for your continued support for together, we can make a difference.

Sincerely,

David J. Collum, Chief
Rindge Police Department

TOTAL INVOLVEMENT - 1990:	439	10,050

It is my distinct honor and pleasure to make this report for a most committed and dedicated group of professional men and women; YOUR Rindge Fire Department. The Fire Department membership has put a concentrated effort into training during 1990 as you can see by the stat's. The small number of severe emergency calls, even though the total number of calls increased, allowed and obligated us to increase our knowledge and hone our skills in firefighting, rescue and emergency medical care procedures. By the time this report is printed there will be 11 members certified as Level I Firefighters. The Fire Department was able to take the Level I course at materials costs only, thanks to New Hampshire Municipal Fire Instructors, Gordon Davis of Marlborough and our own Lt. Paul Bell of Rindge. This course in addition to our ongoing in-service training, under the management of Deputy Dick Tulip and designed and carried out by Captain Steve Robblee, Lieutenants Paul Bell, Scott Ellis and Ed Pederson, provided the needed education and training to keep us a progressive and aggressive Fire and Rescue Service.

The new Attack Pumper, 26M-2, that was delivered shortly before Town Meeting 1990, has proven to be a superlative piece of apparatus. The specifications that took long hours for the Fire Department to layout and the purchase by the town have provided a unit that is quick responding, user friendly and well adapted to rural firefighting procedures practiced in our community. The former 26M-2, now 26M-4 has been successfully converted to a forestry, or "Brush Truck", by the membership. S&H Auto Body in

Jaffrey donated the paint job and the truck is working out very well in its new capacity. During the summer 26M2, 26M3, our hose reel pumper and 26M4 were entered in the New Hampshire Firemans' Convention Parade and won the 1st place trophy for "Best Appearing In-State Apparatus" out of a field of 158 trucks! Every member of the community can take pride in the apparatus and equipment they have provided for the Fire Department to use in an emergency. We certainly do!

Your Rindge Fire Department is currently involved in designing and implementing the myriad of programs mandated by federal, state and local agencies. Firefighter Occupational Health and Safety, Incident Command, Hazardous Material Accident Response and Documentation and Disaster Response are a few of the projects that have to be designed and implemented by the Fire Department. We are also involved in stepping up our Fire Prevention, Inspection and Preplanning Programs to increase the communities awareness of Fire Safety and the use of installed fire suppression equipment such as, residential sprinklers, smoke detectors and automatic venting skylights to help fight fire related deaths and property losses.

Your Rindge Fire Department will continue to progress and maintain its high state of readiness-to-respond in spite of the economy related manpower and sparetime shortages that are now plaguing all volunteer agencies. It is time for our community, with its population equaling Jaffrey and Peterborough, to begin putting as much emphasis on fire protection as police protection by adding some full-time positions during the poorly covered daytime hours. In the words of William Shakespeare, "The Readiness Is All". See you at the big one.

RINDGE RECREATION DEPARTMENT

At the close of 1990, more community members than ever, of all ages were participating in activities, programs and/or events sponsored by the Recreation Department. We have and will continue to do our best to meet the recreational needs of our growing community.

In addition to our established programs, 1990 saw the advent of some new activities and events. Halloween Fun Night, on October 30, incorporated games, contests and treats and provided children and parents with a well supervised, warm and safe way to celebrate the Halloween season. Based upon the overwhelming response we plan on repeating this event. In December we hosted our 1st Holiday Concert featuring the 18th Army Band of Fort Devens, Ma., and singer Rene Rancourt. Again, we were encouraged with your response and hope that concerts in Rindge will become annual events.

Some additional first time programs included our Scarecrow Contest, Food Drive, a Red Cross babysitting course, a weekly morning coffee hour for adults and increased summer activities for children.

An enormous thank you to the members of the Recreation Committee, who through their continued dedication and volunteerism help make these programs possible, to all of the community members and businesses that contributed time, energy and finances throughout the year and to all those who offered us encouragement and support in our endeavors.

Sincerely,

Barbara B. Young

REPORT OF THE RINDGE HISTORY COMMITTEE

The Rindge History Committee continues to gather and to file news articles relating to Rindge. The 1990 press book has been compiled following the tradition which Elizabeth Sampson did for twenty years.

The Committee is actively continuing to research and write up information on Old Rindge Homes as well as continuing to research genealogy of Rindge families following the format of the Ezra Stearns History of one hundred years.

The Committee would appreciate hearing from any volunteers who might be interested in working on any of the above projects.

REPORT OF THE HEALTH OFFICER

This year has been a busy one for the Health Officer with various types of inspections, tests and return visits in some instances.

Inspections were made at local restaurants and stores of kitchens, toilets and areas where food is prepared. Any minor violations have been eradicated on second inspections.

There have been numerous complaints by phone with follow-up inspections.

There are still problems of contamination due to older structures with obsolete discharge systems, particularly in the cases of seasonal occupancy. Due to a bi-state lake such as Monomonac, I retain a Health Officers License in Massachusetts.

Your Health Officer has attended numerous regional and state meetings and find these helpful.

The New Hampshire State Department of Public Health continues to be a valuable resource.

I am grateful to state and local officials who have been extremely cooperative.

Schools, public and private, have provided no important complaints this year. Inspections have been satisfactory with minor problems corrected.

Dr. Ralph Cole
Health Officer

ARTICLE 22. TO SEE IF THE TOWN WILL VOTE THE FLAG OF THE UNITED STATES OF AMERICA BE LOWERED TO HALF-STAFF IN HONOR OF ANY VETERAN RESIDING IN RINDGE AT THE TIME OF HIS OR HER DEATH, PROVIDED THE TOWN IS NOTIFIED BY REQUEST OR CONSENT BY THE NEXT OF KIN OF THE DECEASED.

ARTICLE 22. A motion made by Maryann B. Harper was seconded.
Ann Hawthorne, who felt the article excluded women, made a motion to amend the article to honor any resident (instead of any veteran) which was seconded. Further discussion prompted Patricia Smith to make a motion to move the question which was seconded and passed.

The vote on the amended version of this article was defeated.

It was voted to accept Article 22 as written.
